IN THE HOUSE OF REPRESENTATIVES

JULY 24, 2020

Mrs. BUSTOS introduced the following bill; which was referred to the Committee on Ways and Means, and in addition to the Committee on Education and Labor, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To amend the Internal Revenue Code of 1986 to address the teacher and school leader shortage in early childhood, elementary, and secondary education, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Retaining Educators
5 Takes Added Investment Now Act” or the “RETAIN
6 Act”.

1 **SEC. 2. PURPOSE.**

2 The purpose of this Act is to create a refundable tax
3 credit for early childhood educators, teachers, early child-
4 hood education program directors, school leaders, and
5 school-based mental health services providers in early
6 childhood, elementary, and secondary education settings
7 that rewards retention based on the time spent serving
8 high-need students.

9 **SEC. 3. FINDINGS.**

10 Congress finds the following:

11 (1) The shortage of experienced, qualified early
12 childhood educators and elementary school and sec-
13 ondary school teachers is a national problem that
14 compromises the academic outcomes and long-term
15 success of students.

16 (2) The shortage is the result of many factors
17 including low pay, frequent turnover in school lead-
18 ership, poor teaching conditions, and inadequate
19 teacher supports.

20 (3) The shortage is worse in high-poverty areas
21 where the factors contributing to the shortage are
22 particularly acute and have an increased negative
23 impact on teachers of color remaining in the field.

24 (4) A child's access to high-quality early child-
25 hood education is critical to supporting positive out-
26 comes, and early childhood educators—

1 (A) play an important role in setting the
2 foundation for future learning, and

3 (B) promote the development of vital skills,
4 habits, and mindsets that children need to be
5 successful in school and in life.

6 (5) In 2015, the national median pay of early
7 childhood educators was a mere \$28,570, with many
8 early childhood educators relying on government as-
9 sistance programs such as Medicaid, the supple-
10 mental nutrition assistance program established
11 under the Food and Nutrition Act of 2008 (7 U.S.C.
12 2011 et seq.), or the temporary assistance for needy
13 families program established under part A of title IV
14 of the Social Security Act (42 U.S.C. 601 et seq.),
15 and struggling to provide for their own families.

16 (6) Studies have demonstrated that well-quali-
17 fied, experienced teachers are the single most impor-
18 tant school-based element contributing to a child's
19 academic achievement and success.

20 (7) In 2016, the average teacher salary in pub-
21 lic elementary schools and secondary schools was
22 only \$58,950, which is on average 21.4 percent less
23 than other college graduates working in non-teach-
24 ing fields, and with many teachers struggling with
25 large amounts of student loan debt.

1 (8) An experienced, well-qualified education
2 workforce must also be reflective of the diversity of
3 the student body across race, ethnicity, and dis-
4 ability.

5 (9) Experienced, well-qualified school leaders
6 and school-based mental health service providers are
7 essential for providing strong educational opportuni-
8 ties and services for students and promoting teacher
9 retention through improved professional supports
10 and teaching conditions.
